DID YOU KNOW?
There are over 2 billion Roman Catholics in the world.

ppalachia is a region n the eastern United States that can be efined by its physical eography (centered on the Appalachian lountains) as well as by its unique culture (folk traditions, ialect, foods, art, and nusic). There are no precise boundaries narking Appalachia. he exploitation of the gas, oil, and, in particular, coal resources of ppalachia was initially beneficial to the region. However, unsafe working conditions and strip ining, which scarred the landscape, were costly to both the Appalachian people nd their environment. Coal remains an nportant resource of the region, but it no longer represents a major source of employment."

Visit from Author Francis Bok Sept. 13

The Sophomore Summer Reading selection was "Escape from Slavery" by Francis Bok. The school was honored that he came and spoke about his life in slavery in the Sudan and his search for freedom.

The sophomores presented tokens of appreciattion to Bok with Archbishop Williams gifts.

Francis Bok met the sophomores after his moving presentation.

Francis Bok also was able to sign books.

Bok was personable to all he met, including students and faculty members.

The Francis Bok Foundation

"Francis Bok has a dream. He wants to return to the village of his childhood and huild a school. His village is no longer like the one he rememhers. There were once many houses and lots of livestock. Now the land is harren. Years of war forced the inhabitants off of their land, and some are just now returning. Towns and villages need to be rebuilt from scratch. School for the children takes place in the shade of a tree. During the rainy season, there is no school.

This is a critical time for South Sudan. The referendum in 2011 was an opportunity for the people of South Sudan to express their desire to break from the North and form it's own country, independent from the Islamic government in Khartoum. Education will be vital for South Sudan, in order to not be dependent on their former oppressors. Francis has been working for a number of years with organizations such as Sudan Sunrise and the American Anti-Slavery Group to raise awareness and funds to address the issues affecting Sudan and other parts of the world. In 2010,

Francis formed The Francis Bok Foundation to focus on achieving his goal of a new school on Gor Ayen, Sudan.

Student Council

Student Council at AWHS is a student-run activity with elected officers and at-large representatives from each of the four classes. These student leaders plan and organize Spirit Events for the school community. Held throughout the year, these events are designed to foster pride and promote class and school unity. They also serve as a source of motivation and support for the school sports teams. The events themselves are enjoyed by the entire AWHS Community, but their inspiration lives on:

"The spirit, the will to win, and the will to excel are the things that endure. These qualities are so much more important than the events that occur."

FALL IN LOVE
Nothing is more practical than finding God, than falling in Love in a quite absolute, final way. What you are in Love with, what seizes your imagination, will affect everything. It will decide what will get you out of bed in the morning, what you do with your evenings, how you spend your weekends, what you read, whom you know,what breaks your heart, and what amazes you with joy and gratitude. Fall in Love, stay in Love, and it will decide everything. ~ Fr. Pedro Arrupe

Thank you for all the joy in our hearts.
So many wonderful things await you.

We love you lots, Dad & Mom xoxo

col-o-phon
[kol-*uh*-fon]

-noun

an inscription at the end of a book or manuscript, used especially in the 15th and 16th centuries, giving the title or subject of the work, its author, the name of the printer or publisher, and the date and place of publication.

(www.dictionary.com)

The 2011 edition of the Archbishop Williams Yearbook, the Crosier, was printed by Jostens Printing and Publishing at their State College, PA, printing facility. Tara Anderson served as the local publishing representative and Christina Hodges served as the in-plant consultant. The yearbook contains 128 pages and had a one-time press run of 200 copies. It has a trim size of 8.5 x 11 inches. The cover is a custom process color litho-combo with a super-matte lamination. Spot UV gloss coating is applied to the "define" artwork and the year on the front lid, as well as the text on the spine. Linen grain is applied to select areas of the front lid and the entire back lid. The cover was designed by Tara Dillon (adviser) and Kevin Dillon. The endsheets are Medium Blue and have the names of the members of the Class of 2011 printed on them in Jostens' "Name-Date" style. The book binding is Smyth-Sewed.

All pages within the book were created using Jostens Yearbook Avenue website and YearTech online page creation tools. One-hundred pound (100#) gloss paper stock was used throughout the book, except for the endsheets, as well as in the Spring Supplement. Multiples one through four (pages 1-32) are printed in process color; the remainder of the book in black ink.

Photos were taken by Miller Studios (senior and faculty portraits, candids and team photos), O'Connor Studios (underclass and faculty portraits), Takei Kurtzman '11, Tara Dillon, and AWHS students and parents.

The 2011 Crosier, which was delivered to the school in Spring 2011, includes events from September 2010 through March 2011, and covers freshmen, sophomores, juniors, seniors, faculty and staff. A Spring Supplement was produced to cover events between March and June 2011. The 2011 Crosier was a one-time print, limited edition.
